

Ameca AI Interaction Guide

Purpose

To facilitate enjoyable, respectful, and effective interactions between visitors and Ameca, our advanced humanoid AI robot.

Interaction Guidelines

Step-by-Step Interaction

1. Single Prompt Communication

- Formulate one clear question or statement.
- Avoid asking multiple questions simultaneously.

2. Allow Completion

- Let Ameca finish its response before speaking.
- Refrain from interrupting to prevent disruptions.

3. Clear and Polite Language

- Speak distinctly at a moderate pace.
- Avoid slang, idioms, or jokes that may not be accurately interpreted.

4. Turn-Taking

- Follow a structured turn-based approach.
- Listen when Ameca is speaking, then respond.

5. Individual Interactions

- One person should engage with Ameca at a time.
- In group settings, take orderly turns.

Supported Languages

- English
- Spanish
- Hindi
- French
- Mandarin

Note: Please select one language and maintain it throughout the interaction.

Prohibited Actions

- Do not interrupt Ameca while it is responding.
- Avoid rapid speech or providing multiple prompts at once.
- Avoid switching languages during the same interaction.
- Do not touch or physically interact with the robot.

Feedback: We value your feedback to improve future interactions.

Please share your experience with our staff after your session with Ameca.
